BHUPENDRA YADAV

Senior Software Engineer | Phone: +91-9718891330 | Email: yadavbhupendra787@gmail.com | Location: India

PROFESSIONAL SUMMARY

Results-driven Senior Software Engineer with over 10 years of extensive experience specializing in Microsoft .NET technologies, Web API microservices, cloud deployments, and modern front-end frameworks. Proven track record of architecting scalable enterprise systems, optimizing data ingestion pipelines, and automating business workflows across high-growth corporate environments. Expert in C#, ASP.NET Core, Entity Framework, SQL Server, Python (FastAPI), Angular, and Azure DevOps.

TECHNICAL SKILLS & CORE COMPETENCIES

Backend & Frameworks	C#, ASP.NET Core Web API, ASP.NET MVC, Entity Framework Core, LINQ, Python (FastAPI), Microservices
Frontend & UI Technologies	Angular, JavaScript / jQuery, Telerik Kendo UI, HTML5, CSS3, Bootstrap
Databases & Storage	Microsoft SQL Server, MySQL, Azure Storage (Parquet/Data Lake), Database Design & Optimization
DevOps & Cloud Tools	Azure DevOps, Visual Studio (2010–2022), Git, CI/CD Pipelines, REST APIs, Webhooks
Architecture & Security	JWT Authentication, API Throttling/Rate Limiting, Caching Strategies, Distributed Systems, System Normalization

PROFESSIONAL EXPERIENCE

Senior Software Engineer | *Teleperformance* **Dec 2022 – Present**

- **Key Achievement:** Engineered high-performance data ingestion and data-serving platforms using ASP.NET Core Web API, Python (FastAPI), SQL Server, and Angular.
- Architected secure, scalable backend microservices delivering dynamic JSON payloads from flexible, multi-column data models.
- Implemented JWT bearer authentication, rate limiting, object-level authorization, and Redis-based caching.
- Developed Azure Function Apps to handle bulk operations and automated recovery of failed data ingestion jobs.

Software Engineer | *Virtual Employee Private Limited* **Aug 2019 – Dec 2022**

- **Key Achievement:** Led key re-engineering initiatives to convert legacy Windows desktop applications and ASP.NET Web Forms into modern ASP.NET Core applications.
- Designed robust multi-tier web portals utilizing ASP.NET Core Web API, Entity Framework, and Telerik Kendo UI for client management and e-commerce.
- Built enterprise HR, Sales, and Logistics modules supporting resource scheduling, stock control, activity logs, and automated document generation.

Senior Software Engineer | *Softdew Tech Private Limited* **Dec 2014 – Aug 2019**

- **Key Achievement:** Designed telecom automation engines generating configuration scripts to support network hardware migration.
- Architected and delivered VoIP communication, multi-level approval, cashback engine, and asset tracking applications for enterprise and consumer clients.
- Built REST APIs for mobile applications, integrated online payment gateways, and optimized complex MySQL/SQL Server schemas.

KEY TECHNICAL PROJECTS

- **Automated Data Ingestion Platform** — *Teleperformance (2024)*
  Tech Stack: ASP.NET Core, Python, SQL Server, Angular, Azure Storage
  Automated client data ingestion by converting CSV files into compressed Parquet on cloud storage and creating database tables from the detected schema, with no manual engineering steps.
- **Dynamic Data-Serving API** — *Teleperformance (2023)*
  Tech Stack: ASP.NET Core Web API, Angular, SQL Server, JWT, Kendo UI
  Built a flexible REST API delivering dynamic JSON structures, with token-based security, rate limiting, server-side pagination, and response caching for high concurrency.
- **Real-Time Provisioning Pipeline** — *Teleperformance (2023)*
  Tech Stack: ASP.NET Core Web API, Azure Function Apps, SQL Server
  Created automated, near real-time data pipelines between two internal systems so equipment is provisioned before new hires start.
- **Employee Onboarding Platform** — *Teleperformance (2022–2024)*
  Tech Stack: ASP.NET Core Web API, Angular, SQL Server
  Developed an end-to-end onboarding platform with step-by-step workflow guidance, scheduling, and role-based access control.
- **E-Commerce & Admin Portals** — *Virtual Employee (2021–2022)*
  Tech Stack: ASP.NET Core Web API, Entity Framework, Kendo UI, SQL Server
  Re-engineered legacy web systems into responsive Web API architectures for online retail, featuring promotional engines, discount campaign managers, and secure checkout portals.
- **Enterprise Management System (EMS)** — *Virtual Employee (2019–2021)*
  Tech Stack: ASP.NET MVC 5, Entity Framework, Kendo UI, SQL Server
  Delivered an enterprise management platform integrating CRM, HR, document distribution, fleet management, leave tracking, and complex business analytics reporting.
- **Network Configuration Script Generator** — *Softdew Tech (2017–2019)*
  Tech Stack: C#, ASP.NET Web Forms, SQL Server 2014
  Automated generation of XML and command scripts for network engineers during cell site integration and hardware migration.
- **International Calling App Backend** — *Softdew Tech (2015–2017)*
  Tech Stack: ASP.NET Web API, C#, MVC 4.0, SQL Server, Bootstrap
  Architected scalable Web API back-end services, concurrency handling, database schemas, and authentication filters for a mobile calling app used across several countries.
- **Multi-Level Approval Workflow Portal** — *Softdew Tech (2016–2017)*
  Tech Stack: C#, ASP.NET Web Forms, SQL Server, Bootstrap
  Engineered an enterprise approval portal that automates costing sheet reviews across management levels, with automatic notifications to external vendors.
- **Cashback and Rewards API** — *Softdew Tech (2015–2017)*
  Tech Stack: ASP.NET MVC 4, Web API, Entity Framework 4.0, SQL Server
  Built reward and cashback transaction APIs with commit and rollback handling for multi-stage merchant purchases.

EDUCATION & CERTIFICATIONS

- Master of Computer Applications (MCA) — KIET, Ghaziabad (Affiliated with GBTU) | 2012
- Bachelor of Computer Applications (BCA) — IPEM, Ghaziabad (Affiliated with CCS University) | 2009
- Professional Certification in .NET Technologies (ADO.NET, ASP.NET, SQL Server) — DUCAT, Ghaziabad

PERSONAL DETAILS

- Languages Spoken: English, Hindi
- Location / Address: Amroha, Uttar Pradesh, India
